

## Welcome to Dragon Image

With over 20 years of experience dealing with a wide range of customers, we offer the finest audio visual products to suit your requirements.

Our friendly staff provide helpful service and can design a solution to suit small or large budgets, upgrades and replacements, new projects or re-fit. With satisfied customers like Woolworths, James Cook University, Monash University, Grays Online and Deals Direct just to name a few, Dragon Image is ready to help with your next project.

## Dragon Image AV

## Education

### Riding the Learning Curve

With tech-savvy students driving the development of the computerised world, schools and universities are the new frontline in today's technological revolution.

From interactive whiteboards and internet streaming to presentation technologies and all your interactive and AV requirements, let Dragon Image provide a cost effective solution for your classrooms and learning environments.

# Boardrooms

## Lasting First Impressions

Your business needs to be clever – and nowhere more so than in the boardroom. This is where crucial decisions are made, where your company can generate new contracts, and foster new relationships. As well as looking and sounding your best, you need to know that your technology will always – consistently and unfailingly – back you up.

For communication and collaboration on a local or international level, Dragon Image offers the very latest technology at cost effective prices.

# Shopping Centres

**Sure Signs of Success** Whether it is interactive advertising on bright LED displays or a state-of-the-art paging and background music system, Dragon Image can provide digital solutions and eye-catching retail promotions for today's style-conscious shopping centres.

# Houses of Worship

## Hearing the Word

In a place where people come to listen, reflect and pray, it is imperative that every word of the service reaches every seat in the house. Dragon Image offers systems to suit a number of different environments encompassing spoken word, choir and choral ensembles and instrumental/vocal performance.

## Hotels and Clubs

### All about Ambience

Hotels and clubs require highly intelligent zoned systems that can be simply operated by all levels of staff. Restaurants, bars, ballrooms and nightclubs need to be equipped with the most reliable and flexible sound, lighting and AV facilities.

Dragon Image provides simple yet innovative systems to cater for the hospitality industry, whether they are in small, medium or large venues.

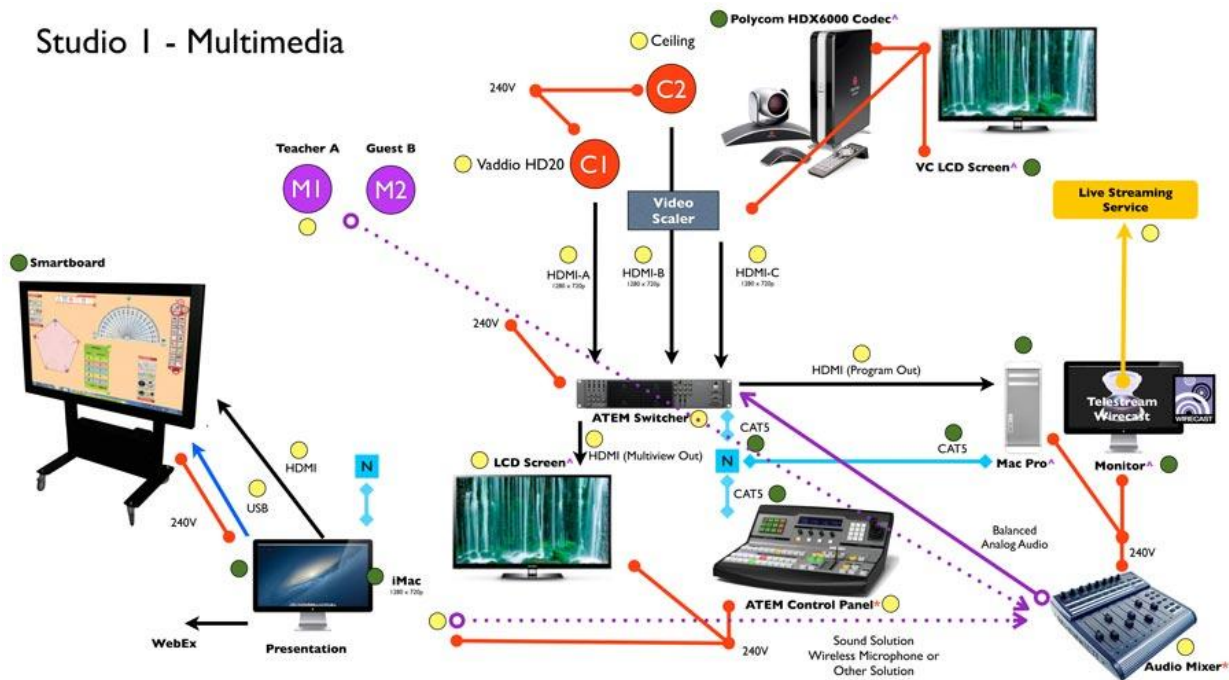

## Performance Venues

## Hitting the Right Notes

Dragon Image offers great sound and lighting systems to enhance live performances in pubs, clubs and live music venues.
